CONTEMPLATION

Remember that in body thine a God is dwelling there;
Thy Temple from pollution free let is forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

It Is Later Than You Dream

Wake Up! The Jews Are Casting Lots

JEWISH PRESS DEFINES PURIM AND ANTI-SEMITES

Jews and Communists were linked up for the first time in its editorials by the Chicago DAILY NEWS, commenting on the actions of the rioting hoodlums at the Smith, Terminiello, Kister meeting and the subsequent actions of the hoodlums on the bench, Municipal Judges Heller, Caplan, Quilici and McCormick. These judges perverted the process of jurisdiction into Jewish diction by freeing the assailants and rioters and bringing charges against their victims, to intimidate any opponent of Jewish dictatorship in the city of Chicago who would be foolhardy enough to protest. This event in Chicago followed shortly after the other incident in New York where this same method of Jewish diction supplanted jurisdiction, to intimidate the people of New York who dared protest. As a result Mertig, Elmhurst and Maertz were sentenced to the penitentiary.

This is merely the aftermath of what went on in the USA during Jew-War II, when the armed forces of the USA were mobilized to conquer Germany and put the Jews back in power over there. Those who could see thru the Sanhedrin's machinations were charged with "intention" of conspiracy to "demoralize" the armed forces of the USA and have been persecuted in defiance of due process of law by the U. S. Department of Jew-stice who also conspired with the Federal Courts in the District of Columbia to substitute Jewish diction for jurisdiction. Only the staying hand of the Almighty put an end to this subversion by calling the presiding Judge Eicher before His Highest Court to answer.

To understand what it all means, the average American citizen had better take up the study of the Jewish Bible and read up on the history of this people who have at all times defied God and stiff-neckedly used their wiles to subvert even religion to their own ends, but have always been found out with disastrous results for themselves.

WHO IS AN ANTI-SEMITE ?

In the Jewish "Spectator," for February 1946, there appears an article by TRUDE WEISS-ROSSMAN, **This Great Christian Fascination.** The article is devoted to a plaint that too many Jews are not aware of the alleged fact that **Christianity has nothing in common with Judaism:** "If the average American Jew thinks of the founder of Christianity in terms of a 'Hebrew prophet or a rabbi", while echoing the misguided voices of those who proclaim that Judaism and Christianity are essentially identical, it is largely because of the intentional and unwitting missionaries for Christianity in our midst."

Then she attacks Sholem Ash and goes down the roster of all who as Jews are taking part in "interfaith" assemblies, quoting from literature of their counterpart, the alleged Christian clergy, that there is an unbridgeable chasm between Christianity and Judaism.

On the basis of this attitude, that there is no common ground, in religion and social life, where Jew and Christian can be brothers under the skin, these orthodox Jewish followers of the Torah and the Talmud clearly delineate the reasons, which they zealously and fanatically proclaim and uphold, why Jews and Christians **are not social equals,** are fundamentally antagonistic. Since it is they who take this position and defend it with all the might of their being, what becomes, unavoidably, the result?

There is no other possible alternative but that he who is not a Jew, an orthodox Jew, becomes marked as a subversive factor against Judaism and Trude Weiss-Rossman makes no bones about it, by naming them. In this narrow sense, whoever is not with the Orthodox within the orthodox fold, becomes either a traitor to Judaism if a Jew, or an enemy of Judaism if a non-Jew. Both, then, are stamped as anti-Semites, in fact and he who studies the contents of the "Spectator" is not left in doubt about it.

THE GREAT PURIM FESTIVAL

The word Purim is the plural of PUR. A pur is a lot which is cast when somebody is to be killed. It is a sort of oracle to ascertain who is to do the killing. In the book of ESTHER you find that the Jews cast lots, PURIM, and the killers who drew the lots had "to stand for their lives" by going out to murder the "anti-Semites". It says there that in Susa they slaughtered 500 while in the provinces they murdered 75,000.

The **American Hebrew** of March 1, features an article by Rabbi Leon Spitz in which is advocated the **"extermination of anti-Semites"** in the USA. **"As our ancestors did 2500 years ago the Purim festival offers the formula to combat anti-Semitism."**

The worthy Rabbi also brags that ESTHER is "unique" in literature "in that the name of God does not occur in the entire story". He goes on to say, "It presents just one problem of anti-semitism and affords a realistic solution which seems to have a substantial amount of merit". Then he describes the nature of the "festival" by saying that "The Order of the Day includes wine drinking, the Purim Seuda or Banquet to **top off the holiday** which has been launched on Megillah night by the public reading of the story of Esther".

Rabbi Spitz calls upon American Jews to enact another slaughter in the USA: "The Purim Jews stood up for their lives. American Jews too must come to grips with our contemporay anti-semites".

A Purim Jew is one who drew the lot of acting as killer in the ensuing slaughter. Purim is the DRAFT, Conscription.

KENNY ASKS DEATH OF KLAN CHARTER

LOS ANGELES,— Revocation of the Ku Klux Klan charter in California was asked by Atty. Gen. Robert W. Kenny in a quo warranto suit on file in superior court.

In the first action of its kind ever filed against the Georgia corporation in California, Kenny accused the Klan of operating "contrary to law and order."

He said it sought to create "racial and religious discrimination and prejudice by secret propaganda" and carried out its objectives by "force and violence, terrorism and hate."

The suit climaxed a probe into Klan uprisings in Big Bear valley and the Lancaster neighborhood.

* * * *

WILL KENNY ASK FOR DISSOLUTION OF SYNAGOGUES ?

The average American is blissfully unaware of the fact that **as a religous festival,** two days each year, the Jewish child is being educated, with its mother's milk, on the necessity and glory of murdering those who are not of Jewish faith, but definitely opposed to it. This is called PURIM. According to orthodoxy ALL who are not orthodox Jews are anti-semitic. And especially those who dare openly speak up against the superiority of Judaism over any other philosophy of Life. They, indeed, are enemies of Judaism. Hence they murdered Jesus.

But that was 2000 years ago. 500 years before Him they murdered the Persians who had freed them from the Babylonian captivity, as soon as a large proportion of the poulace showed opposition to Jewish domination.

In the second century the Jews on the Island of Cyprus murdered the **entire non-Jewish population, 240,000**—in one single day by casting Purim and "standing up for their lives" against the "anti-semites". They also murdered 220,000 inhabitants of Cyrene on that day to make sure that on the mainland, too, they would have no opponents.

You have not been aware that under the mantle of religious festival the Jewish children are being prepared to murder. That after they grow up the "feast" begins by reading the book of Esther and drinking wine, as the killers "who stand for their lives " are always "fortified" with wine.

Does Attorney General Kenny want more evidence of Jewish "religious" education "contrary to law and order"? What more evidence does he need that the Purim "festival" seeks to create "racial and religious discrimination and prejudice by secret propaganda" when Rabbi Spitz, speaking for American Hebrews, exhorts them to carry out their objectives by "force and violence, terrorism and hate".

Now it becomes self-evident why Jewish leaders of Communism are proudly tearing down religion and murdering by the millions all non-Jews opposed to the Reds, in Russia, Hungary and all Soviet invaded countries or where the Reds are now enacting "people's tribunals". Does Rabbi Spitz not brag that in ESTHER, the text book of their "religious" **PURIM feast, "the name of God does not occur in the entire story"?** Didn't Jesus point it out in St. John 8:44 ?

THE JEWS ARE CASTING LOTS

NEW YORK,— Jewish storm troopers are organizing under the auspices of an organization known as Brith Trumpeldor of America, an affiliate of the new Zionist Organization of America, with headquarters at 252 W. 116th street, New York City. They wear uniforms and are being trained in terrorist methods, such as jiu-jitsu, etc.

The sponsor, Aaron Z. Proper, says they are being trained to fight the Arabs, and expect to go to Palestine legally, if possible, and illegally, if necessary. He says they will establish branches in Los Angeles, Chicago, Detroit and elsewhere. They wear khaki shirts and khaki caps.

It is alleged that officers who are still in the United States Army are training these young Jews.

JEWISH BANDS BLOW UP BRIDGES

JERUSALEM,—About eleven miles of railway track and the surrounding countryside in Southern Palestine assumed the appearance of a battlefield for more than two hours, the night of April 2, when large bands of heavily armed Jews blew up 5 bridges and damaged severely other rail communications between Ybna and Ashdod, south of Rohovoth. Heavy explosions and continuous small arms fire were heard over a large area.

Almost simultaneous with the attacks in southern Palestine, armed Jews blew up the Naamin Bridge, just south of Acre, on Haifa Bay in northern Palestine.

Irgun Zvai Leumi, outlawed military organization announced that it was responsible for the attacks.

Official communiques admit the attacks caused heavy damage to railway installations. At least one locomotive was blown up, and tracks leading to the destroyed bridges were mined. Service between Egypt and Lebanon, thru Palestine, was disrupted for about thirty-six hours.

TRUMAN OPENS GATES WIDE FOR JEWS

NEW YORK,—Eight ships have been assigned to transporting displaced persons and **refugees** from the American zone in Europe to the United **States under President Truman's order** facilitating immigration, the War Shipping Administration announced this week.

* * * *

FRANKFORT,—Between 800 and 900 Displaced Persons, most of them German Jews, will sail for the United States on May 1, the AMG announced, confirming earlier reports that emigration was imminent.

The first group of these DP's will leave Munich on April 26 while other groups will leave Frankfort and Stuttgart the day following. The three groups will converge at Bremen where they will sail for an American port under care of the War Shipping Administration.

After the first shipment, present plans call for shipping between 800 and 900 weekly to the United States, with the provision, however, that no more than 3,900 permits issued in any one month.

JEWS GET SPECIAL PARCEL POST PRIVILEGES DENIED GERMANS

WASHINGTON,—**Mail communications with Jews residing in displaced persons camps** in the American zone of Germany will be facilitated by a new regulation issued by the Post Office Department.

It will no longer be necessary to present a post card from a DP before being permitted to send him mail. In order to **mail packages to DP camps** it is necessary to show proof of previous communication with the individual to whom it is addressed.

Jews Demand Suppression of Criticism by the Press

LOS ANGELES,—Councilman Ed. J. Davenport introduced on March 25 a resolution for the suppression of any criticism of Jews in newspapers, books, handbills or posters under penalty of $500 and imprisonment of 90 days for each "offense".

The proposed ordinance shall contain the following:

"Section 1— It shall be unlawful for any person to write, type, stencil, paint, print, publish, or distribute, by any means, or in any manner whatsoever, any inscription, sign, placard, handbill, circular, booklet, pamphlet, leaflet, card, sticker, **PERIODICAL,** literature, **PAPER,** or other matter, which **exposes any religious or racial group to ridicule, contempt or hatred, or, which tends to disturb the public peace or endanger life and property."**

Under this ordinance Jews become sacred cows; the First Amendment to the U. S. Constitution is voided; but also all Jews who publish articles against Gentiles and **advocate the Purim "formula"** of murdering Gentiles who disagree with Jewish dictatorship, are to be dealt with first to prevent racial hatred and danger to life and property.

A Call to Public Duty

By KURT MERTIG

During all these thirteen tragic years of the now fortunately past Roosevelt "New Deal" fake as well as during the now unfortunate still continued Roosevelt-aping Truman regime, the average American citizen has heard ad infinitum, ad nauseam responsible men who weren't quite honest.

We have had to listen to a multitude of radio announcers who soft-soaped speakers who were fools and wares that were trash and who canaryishly chirped of "Four Freedoms", "Atlantic Charter", "No Secret Agreements", "Democracy is the issue of the War," "Russia, the peace-loving nation", etc, when they rather would have kicked Roosevelt, because they themselves did

not believe one word of his assurances.

We have heard preachers who did not believe the decayed doctrines they dealt out—we have heard the "leaders" of German-American Societies urge their members and everyone who did or did not want to listen to those lick-spitles to buy war bonds and work overtime to manufacture air bombs to rain on women and children of small villages and non-industrial towns like Dresden.

Yes, and we heard all of these merchants who peddled brass for gold, from the top to the bottom, excuse themselves by explaining in private that they had "a wife and family to support" and thus did not have the chance of being freed from the foulest disease of just having always to be a little dishonest, because they derived their income from that powerful, yet irresponsible Jewish oligarchy who surrounded that super-egotist Roosevelt and caused him to increase federal officials to the unheard of number of three and a half millions, feeding on our fair land like swarm of locusts.

Can slogans hide issues and broken pledges forever? If so, the United States surely would be headed straight for a terrible fall, for a descent such as was so ably described by Oswald Spengler!

If, on the other hand, a rejuvenation of our nation should be possible, then the thirty million Americans of Germanic extraction must take an active interest in the public life of our nation, as the preponderance of evidence is that the afore-mentioned Roosevelt-Truman evils will become permanent, unless Congress intervenes decisively.

Therefore, I re-emphasize the right and duty of all disfranchized Gentile Americans of Germanic descent to become public spirited and I call upon all officers of German-American societies all over the United States to instruct their members as to how they should discharge their electoral rights during the campaign this coming fall.

At present these many millions of industrious, law-abiding citizens have no more members in Congress, courageous enough to say a good word for them, than you can count on the fingers of one hand.

And here in New York City 500,000 citizens of German descent have not even a dog-catcher in public office.

I therefore repeat the clarion call:

"Stand together in malice to none, in greed for nothing, but in defense of those causes which we hold dear not only for our benefit, but because we believe they mean the honor and the happiness of long generations of men".

So help me God!

LET'S GO TO WAR AGAIN

A G. I. INDICTS MR. AND MRS, AMERICA

By SALEM BADER

"The fathers have eaten a sour grape, and the children's teeth are set on edge." Jeremiah 31-29.

"And Jesus answered and said unto them, 'Take heed that no man deceive you.' " Mathew 24-4.

* * * *

Although the writer retracts not a single word in the following open letter to the American People it must be made very clear that the thousands of sincere, courageous and informed American men and women who fought valiantly against the happenings of the last few years and against overwhelming odds have not been overlooked or ignored. The writer herewith offers to these remarkable fellow Americans his deepest gratitude and heartfelt admiration.

The blame for this horrible war and its aftermath has been placed upon Franklin Delano Roosevelt and his Cabinet, upon certain military and naval brass hats, upon Congress and the politicians, and upon alien and domestic propagandists. There is some truth in all of these accusations but the real blame has not been placed where it belongs. Then who are the real offenders?

* * * *

Dear Mr. and Mrs. America:

Before you ask why I write this letter and why you are invited to go on this sight-seeing trip, I am going to tell you. A fine American young man, about twenty-four years old, asked me to do it.

It came about like this: In a huge cocktail lounge of a fashionable hotel I happened to strike up a friendly conversation with this young man. After he finished telling me of some of his awful experiences during the last four years, he turned towards the lounge and scanned the seated men and women.

They were chiefly middle-aged and prosperous looking business men with plumed, befurred dowagers and a sprinkling of younger people.

He said, "After all this they still don't know what the score is. They think it's a honeymoon. They believed all the rubbish that was told them, the dumb clucks! Wonderful to stay at home and make money! Look at them, all decked out with a drink in their hands. They're all money crazy and they're no good! I hate them! I'm ashamed of them, but they're my people. I wish somebody would tell them what I think of them. I haven't got the heart to do it."

This young man doesn't have the heart to do it! This fellow, who is a trained, expert killer and who has done a good job of killing,—this fellow who has wallowed in mud and misery and dared every danger, and even death; doesn't have the heart to tell us off! Strange! But he hates us! Perhaps you would like to know what the name of this young man is? Well, it's a common name lately. It is G. I. JOE.

O. K., G. I., I'll try to tell them what you said:

Well are you ready to go to war again Mr. and Mrs. America? "No?" or is it "Yes?" If your answer is "No," then why not?

Look back over the past four years. Everybody worked and everybody made money. There were more jobs than people. Remember how the waitress became cocky and bawled us out if we didn't like the food,—the taxi driver scowled if our tip wasn't as much as the fare,—the store clerk sarcastically reminded us that "there was a war on." Nobody wanted our business because they had TOO MUCH BUSINESS.

Of course, there were trifling inconveniences, but what of it? We had to put up with ration boards and meat points and gas coupons, and stood in line for this and that, but what of it? Nobody really suffered.

Look at the opportunities some of the "forgotten" boys got. Garage boys, gas station attendants, truck drivers and college graduates became lieutenants and captains and majors! And the rest of the forgotten boys from city, village and farm became heroes! Remember how we stopped our cars for them, bought them drinks, brought them into our homes. Didn't they look grand in those uniforms?

Yes, everybody made money, even the anti-new-dealers and the Roosevelt haters! Sure, the government collected billions in taxes but one had plenty left in spite of all the bureaucratic regulations, regimentation and bungling. One could always chisel here and there on taxes and price ceilings, and in a pinch could always patronize the black markets. Why not? It was a crazy world! Federal and State taxes were terrific, but a business man could always fix that. Bookkeepers knew how to juggle books around. One could always sell for cash and not make an invoice or sell five hundred dollars worth and make an invoice for fifty.

You don't believe it? Then just walk into any Bureau of Internal Revenue office and ask them how many cases of tax fraud they have in their files. Don't be nervous—they'll tell you. I've done it. You'll find tax fraud cases running into tens of thousands in one office of one good-sized city. **Those are cases against people who were caught.** Most of those cases are two or three years old and have not been looked into. Why? Not enough personnel. "We would have to have one hundred times more men than we now have to be able to begin to examine every case in our files, let alone the new ones coming in every day." Those were the words of one Revenue Bureau agent.

But, nevertheless, business was good and everybody made money. Who's talking about being honest? WAR IS GOOD FOR BUSINESS! It's money that counts! We ought to have more of it! Of course, G. I. Joe couldn't do any chiseling where he was, unless it was chiseling a foxhole to sleep in. He had to be honest in what he was doing.

Do you still say, "No"? All right, come with me, Mr. and Mrs. America, and I'll show you that when you said "No," you didn't mean it, or only half meant it, or it doesn't matter what you said. YOU'RE GOING TO WAR AGAIN! You also, Mr. and Mrs. America, who said "Yes" to World War II and got on the band wagon and wanted to lick the Nazis and Japs from an office swivel chair or a club luncheon chair. Come with me, because you are the kind of meat the war mongers like to chew on.

Herman Schwinn Reports

Dear Friends:

As always I was happy to receive your letter of Feb. 13th, 1946. I have not answered sooner because things were rather unsettled here, and there was a time when I could have been taken to Ellis Island at any moment, in fact the newspapers reported that Klapprott and myself were there already. The government's motion for the dismissal of the writ which brought us to this jurisdiction for prosecution was granted sometimes in February.

In the meantime, the money-matter you mentioned in your letter has been settled satisfactorily. You see, the court--appointed attorneys who defended me during the trial had completely deserted me after the termination of that ill fated affair. They simply refused to even confer with me; all my letters were ignored and my demands for the return of much-needed papers were not heeded. Finally, after 14 months of waiting, I appealed to the Chief Justice who granted me a hearing on the matter. With his help, and with the kind assistance of Mr. de Aryan, the affair was cleared up on April 3rd. All money and papers were returned.

Well, good Bob Noble has left us. As you probably know, he was released last month under Bond of $200, for the "sedition" case. We miss his smiling countenance, his cheerful disposition that we had enjoyed for so many months, and I parted with a stout fellow-Californian with whom I always could reminisce of pleasant times and places "back home", or call upon for support when all the North Carolinians, New Yorkers and Washingtonians around here tried to belittle our State. Hm, little chance they had with the "silver-tongued orator" and myself praising the glory that is California!

You are wondering why I am still being held? —So am I, and, for a fact, a lot of people wonder how long the war is going to continue. The fantastic, and now somewhat stale, "sedition" case should be set for trial or be dismissed at the end of this month. The Court has given the government prosecutor until April 30th to collect "evidence" in Germany to sustain the charges in the three year-old indictments.

But freedom on Bond is still being denied to Klapprott and myself, inspite of the fact that litigation now pending in the courts will prevent the government from deporting us for a long time—if ever. Professional criminals of all description are given freedom on Bond every day. Thieves and thugs, panders and purloiners, rapists & racketeers, murderers & madmen, all may obtain Bond within a short time, to ply their respective trade again, only to be arrested again and to be released once more on a nominal Bond. I should know, for I have lived with them for a long time, I have seen them come and go for years. I have been shackled to any and all of them during the 155 trips to court in that dark black box on wheels, packed to capacity with multi-colored "humanity". There is no difficulty for any of them to leave this jail on Bond (and sometimes without).

Foreigners, who lately sneaked into our country illegally, convicted of crimes and scheduled for deportation are released on $500 Bond, or even on their own recognizance. In contrast—former citizens, unjustly denaturalized, men and women who entered this country legally from 10 to 20 or more years ago, who married and settled here, whose children were born here, and without any criminal record whatsoever,—are still being held without Bond, after four long years of unjust imprisonment. Oh, I know, they are supposed to be "enemy aliens". I deny that I am an "enemy alien" or even a German national. I swore allegiance to the United States of America 14 years ago, and, regardless of what happened after that, have not sworn allegiance to any other country, nor do I owe such to any but the United States.

Kidnapping by U. S. Army Illegal

LOS ANGELES,—Federal Judge Peirson M. Hall ruled that the army had no right to forcibly eject Homer Glen Wilcox, San Diego bureau manager of Mankind United, from the West Coast in September, 1943, under an army exclusion order.

He made the ruling in a hearing on a motion for summary judgment by Wilcox, against Lieut. Gen. John L. DeWitt, former commanding officer general of the Western Defense Command, for $3500 damages based on his bodily removal from California to Nevada. At the time of removal, Wilcox was under conviction and awaiting a five-year prison sentence for conspiring to engage in seditious activities, but was out on bond under appeal.

United States District Attorney Charles H. Carr, who is representing DeWitt, said the ruling poses the question of whether Japanese who were excluded under the order also have a right to sue for forcible ejection.

Judge Hall said, in effect, that the military had the right to make individual exclusion orders, but must enforce them—if the person served would not obey—through legal remedies in the courts.

Truman Asked To Permit Friends To Feed Germans By Mail

BERLIN,—The Truman administration has been asked by military government authorities here to authorize shipment of monthly food parcels to hungry Germans by their friends or relatives in the United States, it was disclosed by Maj. Gen. Morrison C. Stayer, chief health officer for the United States military government.

Stayer said the recommendation was for one 15 pound package per month for a German relative or friend, accompanied by an identical parcel for distribution to poorer Germans who might not have American contacts.

Experts estimate this arrangement would provide 2,000 tons of food a month in addition to the 2,000 tons being received from America thru relief agencies.

HOW FOOD WOULD BE DELIVERED

All food parcels would be sent by parcel post to President Truman's combined relief boards in Washington, D. C., which would ship them to Bremen where German authorities would distribute them thru the German postal system. After a reasonable time, undelivered parcels would be distributed among the poor, Stayer said.

Is This True ?

DEAR MR. de ARYAN:

TAKE WARNING ! ! ! Samuel Friedman, whose article appeared in your April 15th issue is a Jew and perhaps a communist. He is trying to make new contacts through innocent people, such as yourself, to obtain names, literature and information for John Roy Carlson, Walter Winchell, Henry Hoke, the Communist Party, and the Federal Bureau of Investigation. **BREAK ALL CONNECTIONS WITH THIS MAN ! ! ! HE IS DANGEROUS ! !** Advise all others who have seen his misleading and disguised advertisement to do likewise. I remain, — —A. A.

The Post Office in Labor Politics

Another post office—this one in Detroit for New Deal political purposes.

When Detroit motion picture exchanges were shut down by a jurisdictional dispute between labor unions, theater operators tried to obtain films from out-of-town theaters by mail.

However, Superintendent of Mails Frank C. Middel refused to make deliveries and was sustained in Washington by Jesse M. Donaldson, first Assistant Postmaster General.

The reason given was that the Post Office Department's policy was to be "neutral" in labor disputes.

After two days Donaldson reversed his ruling.

Deciding that the department's "neutrality" would not be violated by delivering films because they came from towns where no strike was in progress, he directed that the Detroit post office resume its function.

The department has no right to take a position of neutrality OR ANY OTHER POSITION on labor disputes or other disputes among citizens.

It has no right to set up a policy on any subject except post office business, and it cannot have policies on other subjects without inevitably degenerating into a POLITICAL POST OFFICE, serving a party instead of the nation.

Congress should act promptly and firmly to take the Post Office Department OUT of the labor disputes field and to send it about its OWN BUSINESS, which is to deliver, promptly and WITHOUT QUESTION, every piece of mail that is legally mailable.

Railroading by Police Stopped

Dear Mr. de Aryan:

I am in receipt of a letter addressed to you by A. W. Blade with regard to the case of Loretta Frances Brozek.

This young girl, just past 18 years of age, was employed as a nursemaid for a family in Charlotte, North Carolina. It was contended that on February 26 she kidnapped the child. In fact it was not a question of kidnapping at all. She did, however, use poor judgment in taking the child on a bus trip to Richmond, Virginia and later wound up in Annapolis, Md. She was arrested in Annapolis, Md. on March 1 by Capt. Frank Littlejohn, Chief of the Charlotte Police.

She was railroaded to Washington and was at no time advised that she was entitled to an extradition hearing in Annapolis. We filed a petition for writ of habeas corpus here in the District of Columbia and we have so far been able to prevent her return to Charlotte, N. C.

Thanking you and with kindest regards, I am

Very truly yours, JAMES J. LAUGHLIN.

The Mark of the Beast

Sir:

I have been reading copies of the Broom sent to me recently. I thought that as a writer I had put plenty of ginger in my articles, but I see I am not as intrepid as you—certainly not as intrepid as one of those who reads my articles in newspapers and who is probably one of your readers also. Recently he sent me a card of which this is a synopsis—The Anti-American gang now in charge aim to keep in power by continuing bureaus, state of war, starvation, etc. Just as they lied to us about not wanting war they are lying to us about the starvation in Europe; Germany is where the starvation is.

It has always been the policy of tryants to start wars abroad when they felt their power slipping at home. God knows that the new deal was not losing their power, however slippery their course in the past twenty years during which time this has been alleged to be a Christian nation with Christian people and leaders who realize that the Bible says God made man in God's image; he also made every other living creature of the earth. The Bible says, "Thou shalt not kill." It asks, "What shall it profit a man to gain the world and lose his own soul?" We find in Revelation 13: 1-6, **the beast** had feet like those of **a bear.** It opened its mouth to blaspheme God and was given power over all tongues and nations like the United Nations, I suppose—in verse 17 we find that all who buy or sell must posses the mark of the beast under his priority system.

It **ain't** necessary to mention names or nations; we all know who the Holy Bible means. In Revelations 14, we find that Babylon was yet to fall, and the beast go down in fiery torment unto eternity with his worshipers who had the beastly priority mark. We found in chapter twelve that the power head of this beast stood ready to devour the children of God as they were born.

It cannot be disputed that some things spoken of in the Bible are like unto life today. Of course, I do not intend to say (whatever my belief) that war is starving German children. War brought its perils to America too . . .period

There Are Fearless Mazdaznans

Dear Mazdaznan Friend:

TROGEN, Switzerland, March 26-46

I most heartily thank you for sending me your smart cleansing "BROOM", which I am reading with extreme pleasure and intense interest. You are publishing now facts that I foresaid 7 years ago after having finished my US lecturing trip: the destruction of Europe not only, but of the British Empire and the whole world, not by the Nazis, but by the Mammonistic powers centering in New York and Washington. Again in the No. 5 of our Swiss Mazdaznan Magazine, 1945 which, as I remember, I have sent you, I told of the world-wide lie of the real war agitators and therefore first war criminals, one of whom is now getting about in USA begging for help to repair at least the immense mischief he has done to his empire not only, but to the whole world. And the other criminals, that one of Pearl Harbor, you know him well enough.

You really fight a fierce and brave fight, and I suppose you know the might of the powers you are fighting. Accept my high esteem! May God protect you and your work! I shall do my best to assist you by getting subscribers to your paper among our English speaking friends.

In one point I cannot agree with the view expressed in the "Broom", the **dairy products.** Recently, in one of my public lectures, I was interrupted by a lady, saying that using dairy products is not vegetarian. I told her, that she may be quite right for herself leading an harmonious life in an harmonious atmosphere—she is a lady teacher—, but that she is not entitled to ask the same from people who are not so far developed and are working among wolves and snakes. Even people who are entirely devoting themselves to a clean life themselves and are fighting against the dark powers prevailing, may find themselves in the necessity to use animal products as long as they are not gained by murder. So I myself, when I am going to a lecture where I may expect silent or loud opposition, as i. e. in opposing meateating or alcoholic drinks, I harden myself with a (non-alcoholic) cocktail containing an egg or even two, and be sure, nobody dares to oppose; so last Wednesday, when in my fasting lecture I spoke about the world-known nicotinist eating and smoking instead of fasting, and thus destroying his heart and brain, and now going to beg help for repairing the catastrophe he has created. But of course, after such necessary fiery fighting— fasting again will repair the harm done to my blood, body and soul. However I quite admit that your objecting to dairy products for Mazdaznan people as a rule is most respectable, and myself I use animal products, as dairy matters and eggs, very seldom and more exceptionally on certain occasions.

Yesterday I have received letters from Dr. Rauth and his wife, Kalantars for Germany. They have got safe through the war, but have lost their house and everything by bombing, but are engaged in business again, she as an English teacher, he as a lawyer, having, of course, a lot of work. It is a pity the "victors" (Morgenthau!) do everything to prevent us from helping our starving friends in Germany! A shame! How long will these devils in W. use their satanic influence So our helping operations causes us a lot of work, and you will therefore excuse me when I close in order to set to work most necessary.

With my loving thoughts, yours sincerely,

OTHMAR BOEHM.

MAMMON vs. MAZDAZNAN PRINCIPLES

My Dear Othmar Boehm:

Be happy and of good cheer !

I am very glad to notice that you are not a coward who is chiefly interested in the well-being of his own hide and misuses the teachings of Mazdaznan materially for that purpose. I am sorry to state that among the Mazdaznans, socalled, most of them consider that "Stand Alone and Mind My Own" means to protect their own hide first and let the devil take the hindmost of everybody else. But they might say that Boehm has easy talking, he was living in neutral Switzerland during the war so he could denounce the war safely, while those in Germany and the USA would have to stick their necks out and incur penalties at the hands of their respective governments if they dared "Stand Alone and Mind their Own Principles of never supporting War in word or deed". To say nothing of coming out openly and denouncing it at every turn in the road, as I did in THE BROOM, regardless of consequences to my person. To speak the truth is to me the very acme of Mazdaznan principle in daily practice, not when it is safe, but when it is dangerous. He, who like Peter, confesses the Christ only when it is materially advantageous, but deserts Him when it becomes dangerous while the Prince of Peace is being adjudged "seditious", is not, to me, one who stands by his loyalty to God first, last and with his whole life and being.

Madaznan has value to me because it gave me the means of effectively standing for principle by centering my physical functions on the Breath, when confronting my enemies, so that the THOUGHT of God functions clearly and irresistibly, not yielding an iota to the pressure of the enemy. Of course, this is my own individual stand in evolution of spirit, mind and body; but while those who dare not go as far cannot be condemned by us, at least, one would have expected them to show appreciation and respect for our achievement in facing the enemy single handed and single minded and continuing to proclaim PEACE in the midst of war. But not so, the leaders of the Mazdaznan Center in Los Angeles consider me a dangerous person who endangers the Center by opposing the criminal policies of the government openly and unequivocably AS A MAZDAZNAN.. They are afraid this exposes Mazdaznan to FBI, secret police, surveillance which, of course, will be damaging to business interests.

I am sorry to state that to the vast majority in the USA who claim to follow Mazdaznan, it means ritual, exercises, aping and parroting the "little master" and Mother Maria, but not daring to stand by the principle of PEACE at the risk of their lives and properties.

If THAT is Mazdaznan to them they can have it, I want none of it. Wherever the animal comfort receives first consideration by minds who have not yet evolved to the attitude which impels them to follow the divine ATOM within their own hearts and defy the world to break their spirit, MAZDA's Rule goes begging and the Jews take over since they are the epitome of material rule over divine spirit.

I have warned Fred repeatedly not to attempt to impose his own status upon others. He may teach by example but he must not condemn those in whose hearts the divine Love of Principle has not grown to such all consuming fire that it sweeps all resistance before it, even in daily application of diet. The boy, of course, will in time learn that he is to mind his own business first, exemplify the principle, stand alone, and be ever ready to instruct those who come to him for information but not impose it upon the yet immature minds that crave the animal contact and food. Truth, Peace, Health count among the most precious possessions and enjoyments of life. Only those who give their whole heart to the service of God can find it, to impose it upon the others is to throw pearls before swine.

Thanks for spreading the message to those who are looking for a fearless publication that regards the truth above price, for if we, who are Aryan and Mazdaznan, give up our royal birthright of spreading the Good News to all the world by example, that the divine ATOM in our hearts contains all the powers of the FATHER who is the Light-Maker, Mazda, Creator of all existence, who else could lead out of this confusion to the victory of truth?!

With Love and Devotion,

Sincerely yours, COUNT KOSTI.

Dear Friend de Aryan:

Thanks for the nice write-up in The Broom of April 15th; it has brought many letters of inquiry.

The days ahead are going to be very exciting; May will be a very dangerous month, with much violence on the home front; a terrific struggle between capital and labor, religion and science, and many other factors. And death will strike often and hard, upsetting man's plans considerable. For those without faith or spiritual vision, the future is dull and dismal. We must break down materialism, and substitute faith and knowlegde and understanding.

Fraternally yours,

WILLIAM KULLGREN

Dear Sir:

Mr. Othmar Boehm, a dear friend of mine has just informed me about your publication and your interest in Mazdaznan. As I have been a follower of this science for years, I would be glad to receive a copy of your paper. I include herewith 10 cents to cover.

Very truly yours, — —K. L.

Cult of 3 Magi in Cologne

Sir:

Your edition of April 8, carries a reproduction of an earlier CHICAGO TRIBUNE article. **This article states that,**— the "cult" of the three magi Caspar, Melchior, Balthasar, was centered in the **Cathedral of Cologne, where their bones are said to be entombed.**

The facts are, the Cathedral of Cologne shows each year, on January 6 (a Roman Catholic holiday) the "heads" (skulls) under glass, as relics of their saints. The rest of the skeletons have been (as the Catholic Church alleges) always in the Cathedral of Milano, Italy, from which city later on, the heads had been transported to the German Rome.

The Cathedral of Cologne was founded by Conradin von Hochstaden in 1248. The spires with their crosses on top of it, finished in 1890. The celebration I witnessed that time as a 23 year-old onlooker. The city **DID NOT DIE under shell fire** as the article maintains. **Allied terror-bombers caused it.** According to the German shortwave sender the Cathedral received on 2 occasions a bomb-hit missing the spires, but the last bomb went through the roof of the church—exploding inside and destroying the mighty organ and also the old organist. The radio stated also in July 1944, that, the Archbishop of Cologne claimed, "over 300 churches have been either destroyed or so badly damaged that no service could be held in them in 1943" (already in his diocese).

"In 1944, up to July, it was even worse than in 1943."

Sincerely yours, — — G. B.

Dear Kosti:

Your note received in regard to your auto accident.

Several months ago while crossing a street in San Diego, in my car, a truck driven by Mexicans from Tijuana ran into me and struck the car broadside just where I was sitting while driving the car.

It has cost me four hundred dollars damage to the car and I almost was killed. I am not altogether over it yet and it is now over four months since the accident.

Of course the Mexicans and truck go back to Mexico and there being no insurance we are stuck.

Enclosed find check which I hope will be some help and hope you get around O. K.

Yours truly, — — C. A.

Don't "Flush" Your System

By STANLEY LIEF in Health for All

Among the many questions we are asked is that relating to the quantity of liquid one should consume during the course of each day. Many doctors and health-advisers make the unscientific suggestion that one should, in order to keep well, drink all the water one can; some advise from six to eight glasses, others as many quarts, daily. Such advice has no scientific basis and is harmful.

The notion that drinking large quantities of water will flush and so clean the alimentary tract and the kidneys is not correct physiologically. It is impossible to "flush out" the system in the same way as one may flush the sanitary system in a house by pulling the chain. When large amounts of unneeded fluids are taken into the human system a strain is placed upon organs of the body because of the extra effort they have to exert to get rid of it. It places an undue strain on the function of the kidneys, far beyond what is realized. It will be understood, therefore, that such unintelligent advice is much to be deprecated.

The human body knows what it wants and when it wants it, and so the rational procedure is to drink only when thirsty, just as it is rational to eat only when hungry. Hunger and thirst are the body's indications that it needs refreshment.

A little donation ($5) from a friend, for your good work, — —O. J.

The Beacon Light Herald

A write-up in The Broom of April 15th, under the heading **"Is Astrology the bunk?"** has brought many letters of inquiry regarding our service.

Briefly, we put out AMERICA SPEAKS, an 8-page monthly paper devoted to current events; **subscription price $1.00 a year.**

But Mr. de Aryan was referring to our astrological service, put out monthly in mimeograph form; in this, we give you a preview of events you are likely to read of in our AMERICA SPEAKS a month later. And so our readers are interested to see our predictions, and then follow them up. **The Beacon Light Herald is $2.00 a year, or $3.00 for the two.**

Subscribe today, and you will never be without them.

For a Constitutional Amendment Against Govt. Lending . . . . .Gov. Earle on Russian Menace . . . . For a New House Leader, Replace Joe Martin

By WASHINGTON ADAMS

WASHINGTON, April 21 (Special),—Sentiment in Washington against the proposed loan by your GOVERNMENT to Britain, or to any country, is growing daily.

The blasts against the British proposal by Jesse Jones and Bernard Baruch have accelerated the opposition.

Your columnist proposes a Constitutional Amendment, forbidding our government or any branch thereof to lend money or credit to any foreign state or organization.

If I recall my history correctly, **no administration prior to Woodrow Wilson ever loaned a a dime to any foreign state,** although France, for example, did become involved in debt to us on account of destruction of our property and President Andrew Jackson forced them to pay the debt to us under threats of violent action.

The Constitution gives neither the executive nor the legislative branches any power to make such loans; it is an **usurped power** when exercised, and should be specifically forbidden in the Constitution.

Let Britain, or Russia, or any other power, sell its bonds here to private persons, corporations, etc., under certain restrictions, just as our own government has to do.

If Britain should borrow privately owned money or credit here, it would not be inflationary; but if our government issued bonds to cover the loan, as it would have to do, it would be inflationary, as I have pointed out from time to time. We are already far down into the danger zone of inflation and bankruptcy.

If the Republican and Southern Democratic conservatives would coalesce in a national "AMERICAN" party, and make such a Constitutional Amendment one of their cardinal principles, they could destroy the red and pink New Deal, which has about ruined our country.

GOV. EARLE ON RUSSIA

George H. Earle, ex-governor of Pennsylvania and former minister to Bulgaria, has atoned somewhat for his erstwhile Newdealism by making last Tuesday the following statement:

"**RUSSIA** as a member of the United Nations is the **GREATEST MENACE THE WORLD HAS EVER KNOWN.**" Earl told the Cleveland Chamber of Commerce that America must be prepared to meet Russia's threat to American safety, saying:

"If Russia remains a member of the United Nations, one of two things will happen. With her three votes and those of her captive countries—Finland, Austria, Hungary, Bulgaria, Yugoslavia, Albania, Poland and a large part of Germany—she will be in a position to control the destinies of the world—and through the United Nations TO COMMUNIZE THE WORLD.

"If Russia fails to gain control of the UN, she will pay lip service to it and, meanwhile, build up great atomic bomb plants behind the Urals in preparation for a sneak attack on us."

Earle probably voiced the opinion of most Americans when he said that our only defense is to build more destructive atomic bombs and have ready a giant air fleet to drop the load on Russia if she attacks.

As for myself, I believe that **firm and kindly** handling of the Russian slave-drivers might induce them to reform toward freedom, as the alternative to being made atomic corpses. The kind of appeasement that our socialistic New Deal oligarchy is practicing will result in disaster for the world.

RETIRE JOE MARTIN

If the G. O. P. wants to win a victory for itself and Americanism, it should retire its House "leader" Joe Martin, and put in a genuine Anti-New-deal fighter, such as Hoffman, Short, Knutson, Michener, Halleck or Miss Jessie Sumner.

Mr. Martin is said to be a genial and friendly gentleman, in fact—too much so, to deal properly with the **socialist despotism** now ruling us. He has one good thing to his credit—his suggestion for universal disarmament.

As a "leader" he is sadly lacking. He does not lead; he drifts. He is not an opposer he is an APPEASER.

I was astounded to learn that for years he has rarely called a caucus of House Republicans.

Judging by the character of his few speeches and the small amount of matter he has placed in the "Record," Martin knows little about the history of his country and still less of his party.

He has rarely, if ever, seen fit to expose and oppose the machinations of the New Deal oligarchy—the most evil, extravagant and destructive administration in American history.

House and Senate members, as the elected representatives of the people, are the ONLY persons qualified and legally authorized to FRAME PARTY POLICIES.

In the olden, golden days the minority framed its policies and platform in the bills it proposed and the laws it opposed. The writing of a platform merely cited the party's record in Congress and "viewed with alarm" the other party. The people knew what they were voting for. The issues were clearly drawn.

Only a handful of Republicans have arisen and battled the New Deal juggernaut.

Martin, who should HIMSELF have been the David to fight Goliath, remained silent or lent little or no support to the party stalwarts. He gave no outcry when the Red enemies of Americanism ganged up on Republican fighters, like Fish, who had dared to challenge the world menace.

Indeed, frequently, like the apostate Dewey, he seemed to be a New Dealer himself; specially in his coddling of the infamous Communist "FEPC" and his reported conferences with the notorious Red Congressman, the Negroid Adam Powell, who is anti-white and anti-Republican.

The minority members **should have held frequent caucuses,** to discuss among each other the measures to approve or oppose; also where they could have invited intelligent outsiders to confer with them.

By presenting a SOLID FRONT of opposition, they could have acted as a BRAKE on the infamous Anti-American course which the New Deal has followed. They might have preserved many liberties, now destroyed.

With intelligent diplomacy they could have formed a coalition with the Southern Conservatives, under an united common name, somewhat as Lincoln did in his second election.

As it is, old-line Republicans find themselves in the tragic and humiliating situation of hearing newspapers and radio commentators asserting that there is LITTLE DIFFERENCE BETWEEN THE TWO PARTIES!

Thus—if the charge be true—Martin and his ilk have allowed the G. O. P. to degenerate into a "me, too" weak imitation and shadow of the New Deal despotism, and an approval of its wickedness.

OUST MARTIN— or the party may die!

Riots By Fake Veterans

ST. LOUIS, (Special),—The band of thugs organized by the Jews to riot at the Smith meetings here was claimed to be chiefly veterans, called AMVETS. This is the same tactic employed by the Jews in Chicago, Los Angeles, Cleveland and other cities to conceal their own machinations .

Appropos of this there is an interesting and revealing story of an incident here. One of the plug-ugly rioters pretending to be a veteran approached a quiet inoffensive looking bystander outside of the hall.

"What are you doing here, you god-damned pro-Nazi?" demanded the thug. If you know what's good for you, you'll get the hell out of here in a hurry. We're vets and we're not going to stand for you proNazis upsetting the government we fought for."

With this he made a threatening gesture, but something in the other's manner made him hesitate.

"Well, if you must know," said the assailed bystander, "I'm the chief of city detectives, and who are you?"

With this the thug started to move away, but the detective detained him. "Let me see your credentials," he demanded.

The thug was unable to prove that he had ever been in the service, and accordingly was put under arrest. Later others of the same kind were arrested.

"PM" Features Slanders By Armenian and McWilliams

NEW YORK (Special),— The Sunday (April 14) issue of "PM" features a vicious smear of Americans under the front-page scare headlines of "Gerald Smith Gang At Work Again . . . Spread Scandalous Race Pamphlet . . . Promote KKK Terror on W. Coast" . . . by John Roy Carlson and Carey McWilliams.

On the inside is reproduced part of a pamphlet entitled, "20,000 Little Brown Bastards", regarding the offspring which our colored "GI's" left in Europe. Presumably by Lorence Ashman of P. O. Box 2411, Detroit 31, Mich.

Except for the charge that Mr. Ashman was closely associated in the past with G. L. K. Smith, the article shows no direct hook-up in any way with Mr. Smith or with the Klan. But the article is defamatory of Mr. Smith, and he could sue in Detroit, through the Federal Court, if he could prove circulation of "PM" in Michigan; he could get no justice in a N. Y. City court.

"PM" does not mention that it has discharged three of its Washington veteran reporters, because, so they allege, they were not RED enough for PM. They are Milton Murray, Int. Pres. of the Am. Newspaper Guild; John T. Moutoux, PM's labor expert; and Elizabeth Donohue, only woman in PM's Washington bureau, who attended for PM the entire U. S. Moscow "Sedition" trial.

"PM" features a picture of Prosecutor Rogge and his children, and indicates that it believes his trip to Germany will be a fruitless gesture to wind up a hopeless case. (NOTE—to satisfy Jews, who otherwise would howl to high heaven).

Eleanor Roosevelt became very angry at Winston Churchill during his recent visit because of his attack on Stalin's Russia and world Communism.

DAIL ENTERS RACE FOR STATE SENATOR

CHAS C. DAIL
(Political Statement)

"My experience as Councilman and Vice Mayor of the City of San Diego has given me an understanding, patient and tolerant insight in human values acquired in no other manner. I have become conversant with many complex problems of this important area of the State. San Diego has contributed no small part to winning the war. It needs help to fully recover from the shock. This must come from the State of California and from Washington.

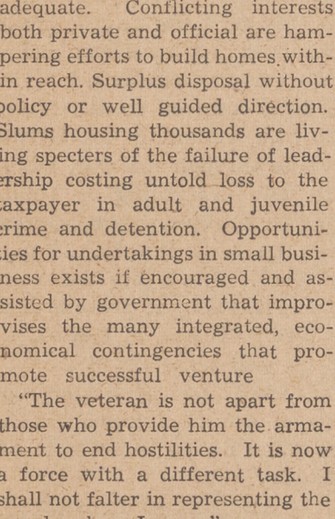
"We owe a lot to the veterans but let's not pay in loose wordage. Let's stop theorizing about what veterans think. They are civilians now. They well deserve preference for what they valiantly gave and, returning to peace time pursuits, are part of the total peace time army girding for the economic battles that achieve prosperity and security. Those things both combatant and non-combatant forces fought to win. Democratic freedoms which set an example to a troubled world striving to avoid another conflict.

"Employment programs are inadequate. Conflicting interests both private and official are hampering efforts to build homes within reach. Surplus disposal without policy or well guided direction. Slums housing thousands are living specters of the failure of leadership costing untold loss to the taxpayer in adult and juvenile crime and detention. Opportunities for undertakings in small business exists if encouraged and assisted by government that improvises the many integrated, economical contingencies that promote successful venture

"The veteran is not apart from those who provide him the armament to end hostilities. It is now a force with a different task. I shall not falter in representing the people whom I serve."

Dail is seeking the office vacated by retirement of Ed Fletcher. His name will appear on both major party ballots in the primary election next June.

EDDY RUNS FOR COUNTY ASSESSOR RE-ELECTION



CROWELL D. EDDY
(Political Statement)

Crowell D. Eddy, for 10 years county assessor, today announced his candidacy for re-election and, in a statement, cited the unprecedented population and building growth of the county which has "increased the work and responsibilities" of the assessor's office.

"During my incumbency many changes have occurred both in the functions of the office and amount of property assessed," Eddy said. "Many improvement districts have been added by vote of the people, the largest of these being the San Diego County Water authority. These additions naturally have increased the work and responsibility of the office.

"The assessed value of the county has increased from $201,842,555 in 1936 to $327,971,815 in 1945. New buildings, new orchards, increased land valuations principally in new subdivisions and business property, increases in merchandise inventories and personal property due to increased populations, are major factors contributing to this assessed valuation gain.

"Although this increase is 62 percent since 1936 only a 33 percent personnel addition has been made in the office.

"Collection of unsecured taxes have mounted from $448,000 in 1935, to $1,739,691 in 1945, an increase of 283 percent, although personnel to do this work has increased only 10 percent.

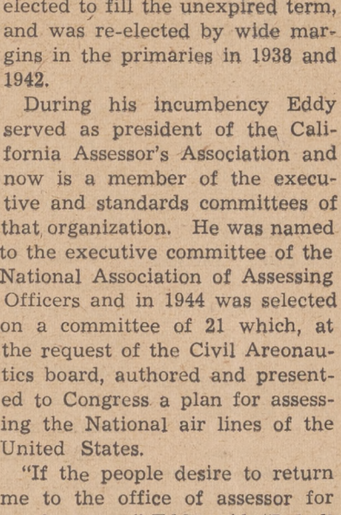
"These economies and efficient methods have been accomplished by careful organization, the building of an internal accord and loyalty to the county in the office and the cultivation of a willing and friendly cooperation on the part of the public."

Eddy, appointed assessor Feb. 6, 1936, to fill a vacancy, was elected to fill the unexpired term, and was re-elected by wide margins in the primaries in 1938 and 1942.

During his incumbency Eddy served as president of the California Assessor's Association and now is a member of the executive and standards committees of that organization. He was named to the executive committee of the National Association of Assessing Officers and in 1944 was selected on a committee of 21 which, at the request of the Civil Areonautics board, authored and presented to Congress a plan for assessing the National air lines of the United States.

"If the people desire to return me to the office of assessor for another term," Eddy said, "I shall strive to give our county the same courteous, economical and efficient service in this important office which I have attempted to give in the past."

TOM WHELAN ANNOUNCES CANDIDACY



THOMAS WHELAN
(Political Statement)

THOMAS WHELAN, District Attorney of San Diego announced his candidacy for reelection to the office he now holds.

Whelan, who was born in Nebraska, July 6, 1902, came to California in 1919. He attended schools in Nebraska and California. He was admitted to the practice of law in California on March 31, 1924, and first practiced in the law office of the late James Garfield Pfanstiel. Since his admission to the practice of law in California he has practiced continously in San Diego. During 1927-28 he served as Deputy District Attorney of San Diego County for approximately one year, resigning to go into private practice with his father, the late Capt. Edward H. Whelan.

In 1930, Whelan was first elected District Attorney. He served a full term and was reelected in 1934. In 1938 he voluntarily left the office to resume private practice, but when the position later became vacant, he was appointed District Attorney by unanimous vote of the County Board of Supervisors. In 1942, he was reelected District Attorney without opposition. Thus, his friends say, he has had adequate experience in the administration of that office. Attorneys who have opposed Whelan in Court verify as to his ability to handle any type of case he undertakes.

Whelan pointed out that the District Attorney is not only charged with the duty of prosecuting criminal cases, but that it is the duty of the District Attorney to advise the Grand Jury, and as County Counsel to advise the County Board of Supervisors and all other county officials, as well as all Boards of Education throughout the county and to defend the County whenever it is sued in any capacity as well to defend all County officials when sued in their official capacity; to advise and represent Districts created by the Board of Supervisors under state law for sanitary purposes, fire control, etc; also advise judges of the Superior or Municipal Court in writing, when requested, and further, to represent Judges of the Superior or the Municipal Court whenever they are cited in court on any matter.

Whelan's nominating petition bears the names of ranchers, business men, merchants, housewives, doctors, lawyers and labor representatives, as well as ministers of various denominations. A list of Whelan's sponsors include the following:

Nicholas J. Martin, James D. Forward, Melvin N. Wilson, Kenneth C. Bitter, Louis F. Mehl, Max J. Osslo, James P. Martikas, Lillian Rozzelle, Roy Bleifuss, Henry G. Fenton, Charles D. Pratt, B. B.
